ANIMAL FOUNDATION

2022 IMPACT REPORT

A MESSAGE FROM OUR EXECUTIVE DIRECTOR

I am grateful and honored to lead an organization whose programs continue to carry on the mission of providing responsible pet care through community awareness and education and affordable spay/neuter and wellness services for cats and dogs. One spay/neuter saves many lives so we are making that difference.

Post pandemic challenges have resulted in bigger gaps between access to affordable high quality vet care & the barriers pet owners face. Despite our own struggles with staffing and having to replace old equipment, 2022 saw Beesley Animal Foundation continuing to support pet families in need and finding ways to reach these pets through our programs of affordable spay/neuter and preventative vet care including financial assistance, education, and through our Community Outreach program which provides vaccinations and dog/cat food to those underserved including senior citizens and those facing homelessness.

2022 also welcomed back Paws & Pearls and Barks & Bourbon. We reunited with old friends and met many new friends.

Our impact in reinforcing the animal-human bond in 2023 will continue by helping bridge the gap for barriers to access to pet care for those pet owners that need us the most.

With Gratitude ~ Dawn Roberts

The reason we are here and continue to do what we do for our community is because of YOU...

Without YOU we would not be able to continue being a resource for those pet owners that need us the most.

Thank you to our SUPPORTERS, DONORS, and FRIENDS who continue to believe in us. Because of YOU we are able to make the impact we do and keep our prices affordable to help those that need it most.

Thank you to our PARTNERS, new and old, for supporting us in our work because together we can make incredible things happen.

THANK YOU TO ALL OUR DONORS AND VOLUNTEERS.
